SUPERVISORY PATENT EXAMINER

Allowable Subject Matter

1. Claims **19-21** are allowed.

2. The following is an examiner's statement of reasons for allowance:

The arts of record used as the basis for the previous rejection, Dubrovsky et al (US 7051101) and evans et al. (US 20020171546) do not expressly teach or render obvious the invention as recited in independent **claim 19**.

a. As to claim 1 the arts of record do not expressly teach the plurality of generic application programming interfaces (APIs) includes a Table Enable application programming interface (API), a Table Disable application programming interface (API), a Table Lock application programming interface (API), and a Table Unlock application programming interface (API). when taken in the context of the claim, as a whole. Also, the arts of record do not provide a basis of evidence for asserting a motivation that one of ordinary skill in the art at the time the invention was made would have modified the system for managing tables that are used by network processors to control network traffic through a network to combine the disclosed limitations as recited in the context of **Claim 19**.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should
